The Glory of the Garden
PRICE LIST
1923

I WISH to call attention especially to our new scarlet variety, which has been listed for the past two years under field number "1155," for the guidance of those who have visited my fields when it was in bloom, and who have insisted that I must sell a few bulbs. This variety has been named "**Cowee's Scarlet Wonder**" and given a more fitting description which it deserves.

I am perfectly safe in stating that there is no finer scarlet variety offered in the market today.

SELECTED GLADIOLUS SEEDS

Many inquiries annually for Gladiolus Seed has induced me to offer seed selected from what I consider the finest collection of Primulinus Hybrids in existence. I shall offer a limited quantity of this at \$1.00 per packet containing about one thousand seeds; 50c per packet containing about 500 seeds.

Berlin is in Rensselaer County, New York, near the boundary line between New York and Massachusetts. Especially fine highways radiate from the important cities and towns in this vicinity, permitting comfortable motoring through our section from Albany, Troy, and other eastern New York points, Pittsfield and western Massachusetts, as well as from the Berkshire summer resorts.

My friends are invited to visit Meadowvale Farms during August and early September when my Gladiolus fields are in full bloom. Visitors are always welcome and I am sure you will be amply repaid for including Berlin in your summer itinerary.

Many persons have availed themselves of the opportunity of motoring to my fields, and are now regular annual visitors.

JUST HOW TO ORDER

Order Early. This is important from your standpoint and mine. By so doing you insure getting just what you want, whereas late orders cannot always be properly executed, especially those received on the very edge of the planting season. At that time I may be out of certain choice varieties, perhaps the very ones you want most. I make no substitutions unless instructed. Bulbs for greenhouse forcing are ready for shipping in the late fall as soon as thoroughly cured. To encourage large plantings, all prices quoted are practically wholesale, quality taken into consideration.

Upon orders for more than fifty bulbs by mail, remit eight cents for each additional twenty-five bulbs to cover postage. My mailing-size bulbs are much larger than those sent out by most growers, but still larger bulbs can be sent by express, and I advise having shipments made in this way wherever possible. I have a special rate, which is 20 per cent. below the regular charge on merchandise.

Special Discount to Seedsmen and to those ordering in lots of 5,000 or more.

Remittances Must Accompany All Orders from unknown purchasers, and may be by postoffice order, express order, New York draft, or cash by registered letter. Postage stamps accepted.

Carefully Sign Your Name, postoffice, county and state. Write clearly. Address all orders to
